

Case Western Reserve University, Department of Anthropology

Program Information	
Program Name	Case Western Reserve University, Department of Anthropology
General Description / Special Programs	The graduate program focuses on the field of medical anthropology and global health and includes training in international health, psychological/psychiatric anthropology, and the biocultural bases of health. The department offers a joint MA/MPH and PhD/MPH program as well as a joint MD/MA and MD/PhD program with the School of Medicine. An intensive one-year terminal MA in Medical Anthropology and Global Health is available. Many opportunities for relevant coursework and research collaborations are found throughout the university. These include the Center for Global Health and Diseases in the School of Medicine, the Center on Aging and Health, and the Schubert Center for Child Studies, as well as relevant interdisciplinary programs, including Childhood Studies, Asian Studies, Evolutionary Biology, Women's Studies, and Ethnic Studies.
